About Explore Enterprise

What is Explore Enterprise & how does it work:

The Enterprise Programme aims to support students and unemployed or 'underemployed' young people, aged 18-30, to work out if self employment is right for them, help them test their ideas, write business plans, and potentially start a business.

Who's Enterprise for:

- UK residents that:
- Have a business idea they want help to explore, or just want to learn more about self employment
- Are aged 18-30

How does Enterprise work:

- A **Completely Free of charge** 2-day workshop covering business basics, from personal skills to marketing, sales and money management, costing and pricing, cash flow forecasting and Tax and National Insurance
- One-to-one support from a staff member or volunteer to help explore and test their idea and turn it into a business plan - **Again, Completely Free of charge!**
- Opportunity to apply for low interest finance to help start a business, and the potential to access a small Will it Work grant to test trade
- Further business training clinics covering the finer details surrounding Sales and Marketing, Finance and Tax, Business Mindset & Business Networking delivered by experienced professionals — **And Again, Completely Free of Charge!**
- 2 years of mentoring from an experienced Business Mentor to help during those critical first years of their business. **Also Free of Charge**
- Please get in touch with us to find out more—
